

Q.PEAK DUO AC

Solar simplified.

Introducing Q.PEAK DUO AC, designed to enhance the speed, simplicity and safety of residential solar installations. Featuring Q.ANTUM DUO Z technology and an integrated microinverter designed and manufactured by Qcells, the AC module offers a new level of convenience, includes domestic content and is backed by a single trusted brand.

Includes Domestic Content

Q.PEAK DUO BLK ML-G10.XY+/AC solar modules ("XY" can be "C1, D1") contain U.S. manufactured components which can contribute to qualifying for the 10 % domestic content bonus for applicable investment and production tax credits¹.

The microinverter and module are assembled in Michigan and Georgia respectively.

Proven Module Performance & Durability

Tried and trusted, top-quality mono-PERC module technology with high-tech aluminum alloy frame, certified for high snow (5400 Pa) and wind loads (5400 Pa).

Far Beyond the Standard

Qcells' comprehensive quality program ensures high long-term yields and the reliability of your solar system.

Top Quality Customer Support

While the detachable microinverter simplifies on-site maintenance, Qcells' top-tier customer support offers rapid system troubleshooting.

Dependably Backed by One Warrantor

25-year product and performance warranty, with an integrated module and microinverter solution from Qcells.

Simplified Installation

Fast installation enabled by an integrated Qcells microinverter with built-in rapid shutdown for enhanced safety, combined with a design that reduces SKU complexity and ensures seamless integration with Qcells products and accessories.

Q.PEAK DUO AC Features & Incentives

BEST-in-Class Warranty

Q.PEAK DUO AC offers 25-year product and performance warranties that reflect our commitment to quality products built to last.*

*Applies to PV Module and Microinverter components only.

Q.PARTNER

Post-Installation Peace of Mind

Qualify for an all-new, enhanced labor reimbursement program for registered Q.PARTNERS who purchase and install Q.PEAK DUO AC. Our program provides post-installation peace of mind exclusive to Qcells AC modules, microinverters and AC combiners, offering:

1. Truck roll reimbursement
2. Higher labor reimbursement allotment per system

Visit www.qpartnerus.com today to become a Q.PARTNER!

EnFin by Qcells TPO Financing

Q.PEAK DUO AC qualifies for competitive financing offered by EnFin, the first in-house financing option offered by a market-leading module manufacturer.

Expanded Rebates

Qcells offers more robust, synergistic product rebate opportunities when you pair Q.PEAK DUO AC with EnFin financing. Qualify for even more rebates when you add a Q.HOME energy storage system!

Reach out to your dedicated Qcells Sales rep for more details on available incentives and programs.

Qcells is committed to local manufacturing in the U.S. and revitalizing the domestic solar value chain.

Qcells is the number one module supplier in the country for the residential segment, a leader in the commercial and utility sectors and a proud creator of U.S. manufacturing jobs. Based in Dalton, Georgia, our solar module factory is the largest of its kind in the United States.

In January 2023, Qcells announced the largest investment in U.S. solar history to build an integrated, sustainable solar supply chain in the United States.

Qcells will be manufacturing 3.3 GW of solar ingots, wafers and cells and 3.5 GW of finished panels at our new Cartersville facility, which is expected to be completed and operational by 2026.

- 5.1 GW solar module production currently
- 8.6 GW total production capacity
- 2,500 new jobs, 4,000+ total jobs
- \$2.8 billion investment in GA

Certain variants of Q.PEAK DUO BLK ML-G10+/AC contain U.S. manufactured components and non-prohibited foreign entity (non-PFE) content which can contribute to qualifying for the 10% domestic content bonus for applicable investment and production tax credits*. Please consult your Qcells sales representative for specific details for each variant.
